

Smart Bundle Promotion

Integrated T1 is the communication technology that large companies use to increase efficiencies and lower costs. Cavalier makes this leading edge technology affordable for small and medium sized businesses. Smart provides all the voice and data communication services your business needs on one smart connection. Equip your business with information technology that will give you an advantage in the marketplace.

Features and Functionality:

Internet

- 1.544Mbps available Internet bandwidth
- 25 email addresses
- Web hosting with 500Mb of disk space and unlimited transfer
- Up to 13 usable static IP addresses
- Cost effective optional managed security solutions (firewall, anti-virus/anti-spam, VPN)

Voice

- 4 voice lines included. Additional lines available (up to 16)
- Comprehensive voice features like Caller ID with Name, Speed Calling, Three Way Calling and many others included
- Unlimited local calling
- Domestic long distance included (250 minutes per line of domestic outbound long distance or Unlimited long distance option; 100 minutes per line of toll free service)

Benefits:

- **Reliable.** Smart is backed by Cavalier's stringent service level agreement covering network availability, network latency and packet loss. Our commitment to customer satisfaction has helped us achieve an industry leading T1 retention rate greater than 99%
- **Flexible.** Super-fast Internet connection automatically maximizes bandwidth when voice lines are idle. Easily adjust the number of voice lines as needed
- **Simple.** Comprehensive voice and data communications solution on a single connection, on one invoice, from one highly reliable provider
- **Affordable.** Critical communication services are bundled into one low, predictable monthly cost
